

## Response 24/7 Crisis Hotline

The Response crisis intervention/referral hotline is open every day of the year, day and night, including holidays.

Professionally trained and supervised counselors offer callers telephone support and help them to explore options that allow them to think through their next steps. This counseling helps callers lower their anxiety and find their own solutions. Crisis counselors also provide referrals for support groups, clinicians, mental health clinics, other hotlines and a host of other community programs and services.
